

# Camp Wahi Wish List

If you, your troop or service unit would like to help with any of these items, please contact Lissa Frank at 601-366-0607 ext 240 or [lfrank@gsgms.org](mailto:lfrank@gsgms.org)

## Helping Hands -

- Establish Double circle fire rings in each tent unit and at Pixie Lodge.
- Replace worn rain tarps on Sweet William's cabin.
- Clear and mark all trails beginning to end.
- Measure the lake depth and make weighted depth markers and "gates" (anchored markers) for canoe/kayak games.
- Establish "wildlife feeding / viewing stations w/signage along trails
- Create a trail around the lake w/ environmental "stations" along the way.
- Evaluate the remains of the challenge course and make repairs necessary to resume usage.
- Build 2 rain gutter troughs, each 8 feet long. – new, clean rain gutter cut to size w/end caps glued on – for both boat races and giant sundaes.
- Build a free standing puppet theater – wooden tri-fold or pvc pipe and drape kind - not table top size
- Benches for fire rings in units – seating for approx. 40 in each unit
- Build costume storage closet in troop house
- Install pole for hanging PFDs in the boat house
- Repair /rework the ramp leading into the boat house – too steep and slippery
- Remodel shower stalls in Troop House so they don't flood the building.
- Build a covered information center in main camp.
- Replace boards in amphitheater seating area

**Electrical work** – licensed electrician required – run electric lines underground to each tent and install outlet for fans and lights

## Construction work –

- Repair tent steps
- Modify /expand shower stalls to provide private changing areas at each stall
- Deconstruct / Demolish / Take down 8 "cabin" structures and replace with new platform tents. Rebuild / expand 8 "cabin" platforms to fit platform tents
- Build 25 picnic tables – 6 for each tent unit, 3 for pixie lodge and 4 for the nature center

**HVAC work** – Install air conditioning in Pixie Lodge and Troop House – large window units or central

**Kitchen Equipment** – new or good used commercial electric range and griddle

**Transport** – 2 good used golf carts to transport lifeguards, program staff, camp nurse, etc.

## Landscaping –

- Several loads of gravel and/or sand hauled in and spread at the lake front – currently soft and very muddy
- Landscaping around Pixie Lodge
- Replace the bent, broken and rusted front chain link fence with something more attractive (split rail?)

**Interior Design** – total makeover of Pixie Lodge and Troop House. Something bright, cheerful, and clean looking – but still “campy.” No fluorescent colors, animal prints or feathers.
